

## ABOUT US

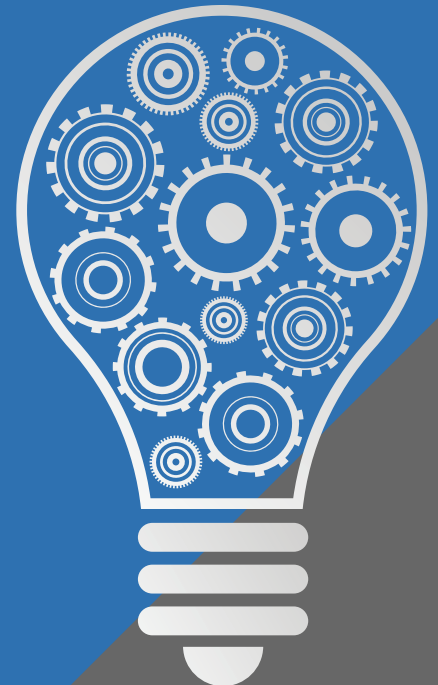

## Diagnose Effectively / Collaborate Better / Innovate Faster.

BYLD Group introduces highly effective **CREATIVITY** and **INNOVATION** solutions that are exclusively designed by Tirian Innovative Solutions, Australia.

We, in partnership with Innovation for Transformation Specialists and Authors Andrew Grant, Executive Director at Tirian, Facilitator and Speaker, and Dr. Gaia Grant, Ph.D. Sydney University Business School, offer expertise in organizational transformation through strategic innovation.

Creative thinking makes people energetic, curious, optimistic, and innovative. When challenges are addressed in a collaborative setting, creative thinking permits you to come up with more ideas and solutions.

We are experts in diagnosing and building innovation capability in leaders and teams, to support sustainable change for our clients and partners. This is how we do it.

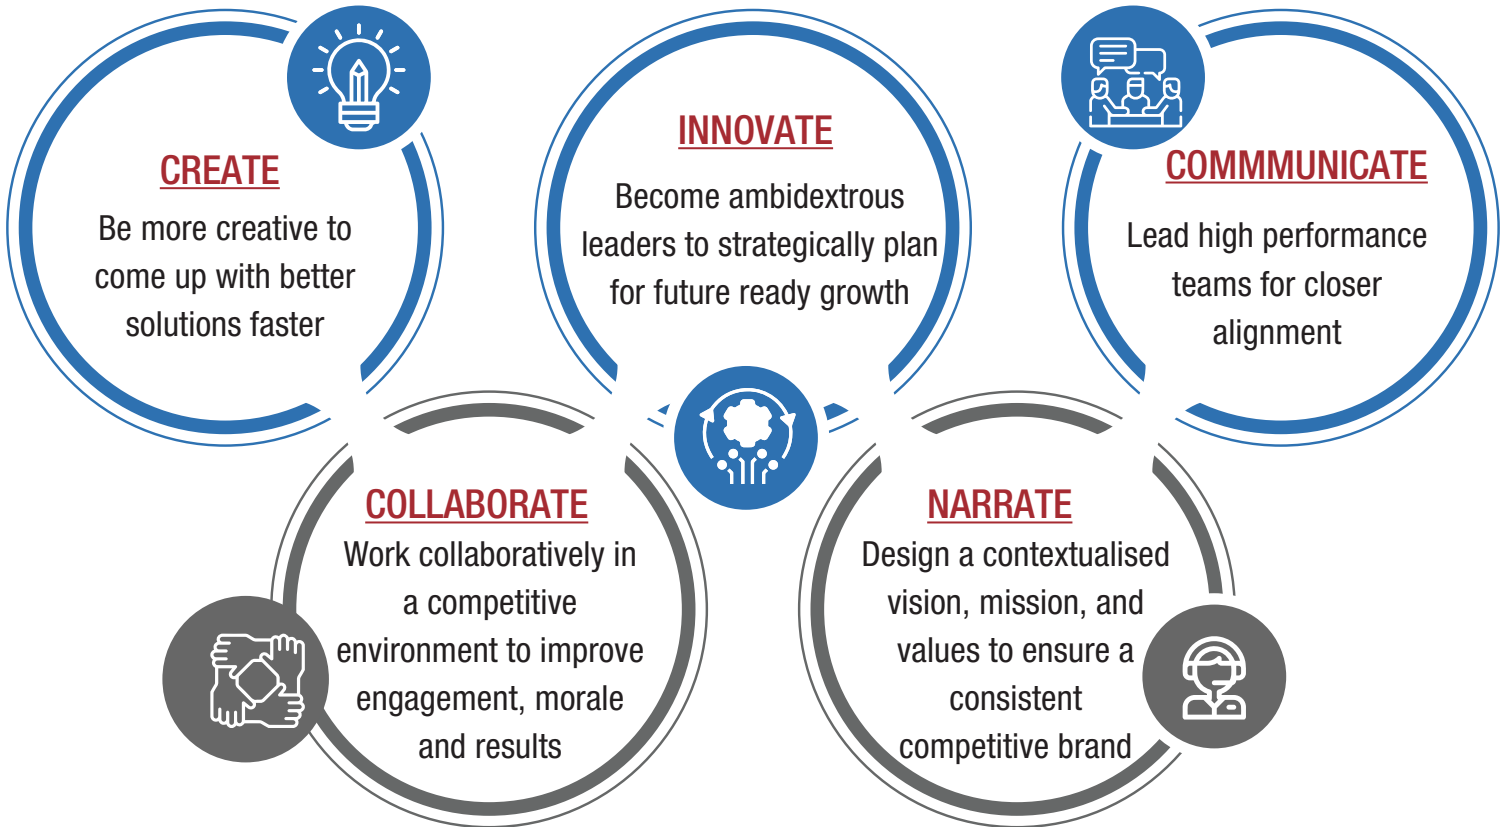

## THE BIG IDEA

At the core of our programs is a methodology designed to involve the deliberate use of authentic experiences and facilitated reflection to create a lasting impact

- Our corporate experience ensures what we present is actionable.
- Our academic research provides original validated content and a deep understanding of the topics.
- Our dedication to sound educational methods ensures the learning experiences are memorable and measurable.
- Our published books, papers, and client lists support us as recognized international thought leaders.
- Our global experience ensures we are contextually aware and culturally fluent.
